

ELECTRONIC LOCKER

15" TOUCH-SCREEN INDUSTRIAL PC KIOSK

- Electronic lockers are operating in major theme parks around the World.
- They operate day after day under constant heavy usage requiring minimal maintenance or service.
- They are durable and built to last for years, delivering a substantial stream of revenue and an excellent return on investment.
- Customers appreciate our user-friendly systems and the peace of mind they get from knowing that their possessions are secured and safely stored.
- At DrLocker, our electronic lockers require minimal supervision and assistance, allowing staff members to focus on other more important customer service matters.

6 RECOGNITION METHODS

We offer IC Card/RFID, PIN Code, Barcode/QR Code, Finger Vein and Facial Recognition systems. We have the ability to customise your lockers according to your requirements.

IC Card / RFID

PIN Code

Barcode
